Continue to offer a wide range of extra-curricular activities and continue to track and monitor the growth. Ensure that we offer the pupils more so that they can experience an even wider range of sport.

All classes to arrange a sports trip. The sports trip will be based around a sport that the children may not have had the opportunity to access previously.	SC to liaise with year groups and arrange a trip. SC to map the skills out from year group to year group. SC to book trips.	£10000	Unfortunately with the rising cost of coaches we did not have enough in the budget to facilitate this in the last academic year.	Not sustainable for all classes to have a free sports trips. The rising costs have meant that we would need to support the trips using the school budget and this is not possible.
<b>Key indicator 4: Increased participation in competitive sport</b>

All year groups to have a professional coach in to deliver P.E sessions. These sessions will encourage greater participation in competitive sport and will upskill the teachers.	SC to organise and book professional coaches SC to map out each year group	£5000	Teachers have all had access to sports CPD which has upskilled their own teaching.  The children have benefitted from a range of different sports.	To continue to offer professional coaches to support the development and teaching of staff.  Now that we have better means of travel for the children, we will participate again in the Kettering Sport Partnership. This will enable more of our pupils to engage with competitive sport with other schools.
