

Geography Curriculum Plan - Whole Academy

PRIMARY	KEY STAGE 3	KEY STAGE 4		KEY STAGE 5
Primary Curriculum Lead(s)	Carly Oakley		<u>C</u>	arlyoakley@kba.uk
Secondary Curriculum Lead(s)	Leah Goacher		<u>le</u>	eahgoacher@kba.uk

PRIMARY

7	Year	Autumn Term	Spring	g Term	Summer Term
Here I am Locating our school in our local area, and identifying local physical and human features on a map and during fieldwork. Mini mappers Studying the geography of the local area Exploring features of a river United Kingdom Locating the UK. Understanding the key geographical features of the United Kingdom and regeneration of one region. Locating ilines of latitude and longitude. Understanding the hyman and physical features of the united kingdom and regeneration of one region. Investigating was and oceans of the united kingdom and regeneration of one region. Investigating the distribution of the world's natural resource and how these are traded between places across the world. Where we are Locating our school in our local area, and identifying our should exploring some human and physical features. Hot and cold deserts Locating hot and cold deserts. Identifying common human and physical features. Volcanoes Volcanoes Understanding how volcanoes are formed and the human and physical impacts they can have. A focus on Mount Etna and La Soufriere. Tropical rainforests Understanding the key features of a rainforest they face. A focus om the Amazon Rainforest. Investigating was and oceans of the UK with an area in Kenya. Locating the human and physical features of the UK and oceans of the world source and the UK and oceans of the world deserts. Jentifying common human end physical features. Understanding how volcanoes are formed and the human and physical impacts they can have. A focus on the Amatifi coast, and exploring how the features of a rainforest understanding the waster of a rainforest they face. A focus on the Amazon Rainforest. Understanding the waster cycle and the threats they face and the distribution of the world's water. Examining the physical and human features and biomes, and the effects of global warming human geography around rivers in North America.	EVES	Evaloring the World around us our school	Jolly Postman: Spring in Our Step:		Where we live
Locating our school in our local area, and identifying local physical and human features on a map and during fieldwork. Mini mappers Studying the geography of the local area Exploring features of a river United Kingdom Locating the UK. Understanding the key geographical features of the United Kingdom and regeneration of one region. Locating at South America and Brazil Locating lines of latitude and longitude. Understanding the physical features and commy. A focus on Rio de Janeiro. Investigating was and oceans and exploring some human and physical features. Locating the deserts Locating the local area Exploring features of a river Locating the UK. Understanding the key geographical features of the United Kingdom and regeneration of one region. Locating the UK. Understanding the key geographical features of the United Kingdom and regeneration of one region. Locating the UK. Understanding the wey features of the United Kingdom and regeneration of one region. Locating the UK. Understanding the wey features and Locating the wear of the UK and oceans of the world in the UK and oceans of the world deserts. Identifying common human and physical features. Locating the total cold deserts Locating the total cold deserts Locating the total cold deserts. Identifying common human and physical features. Locating the seas around the UK and oceans of the world intended to locating the west even and the UK and oceans of the world intended to locating the west even and the UK and oceans of the world intended to locating the water ocean and to locating the water ocean and the physical and the seas around the UK and oceans of the world intended to locating the water ocean and the locating the water ocean and the utres and coastal areas. Locating the destricts. Locking the locating the UK understanding the water ocean and the locating the water ocean and the locating the water ocean and the locating the water ocean and the physical features of the world intended to locating the water ocean and the physical features	EIFS	Exploring the World around us – our school.	Maps	The world around him	Recognising features of a town and city.
Identifying local physical and human features on a map and during fieldwork.		1			•
Mini mappers Studying the geography of the local area Exploring features of a river United Kingdom Locating the UK. Understanding the key geographical features of the United Kingdom and regeneration of one region. Locating lines of latitude and longitude. Understanding the physical features and climate of Brazil, and the human settlements and economy. A focus on Rio de Janeiro. Investigating seas and oceans Locating the seas around the UK and oceans of the world season of the world intention of the world intention of the world's natural resource and how these are traded between places across the world. Mini mappers Hot and cold deserts Locating hot and cold deserts Locating the tand cold deserts. Identifying common human and physical features. Locating the seas around the UK and oceans Locating the seas around rivers and oceans Locating the seas around river sind oceans of the world seatures. Locating the seas around river world. Hot and cold deserts Locating the adoctory world. Hot and cold deserts Locating the adoctory world. Hot and cold deserts Locating the and cold deserts. Identifying common human and physical features. Locating the seas around the UK and oceans Locating the seas around the UK and oceans Locating the seas around rivers and coents world. Identifying physical and the human features around rivers and coents Locating the seas around the UK and oceans Locating the seas around rivers and cold theatures. Locking at Europe and tourism Comparing the human and physical features of the Junear Investigating to expression of the world search and the human and physical features of the Junear Investigating coars, and exploring how the features interact with tourism Locating the seas around the UK and coeans Locating the seas around the UK and coeans Locating the seas around the UK an	1				
Mini mappers Studying the geography of the local area Exploring features of a river United Kingdom Locating the UK. Understanding the key geographical features of the United Aingdom and regeneration of one region. Locating the South America and Brazil Locating lines of latitude and longitude. Understanding the human settlements and economy. A focus on Rio de Janeiro. Investigating world Trade Investigating seas and oceans Locating the seas around the UK and oceans of the world. Identifying physical and human features around rivers and coastal areas. Understanding how volcanoes are formed and the human and physical impacts they can have. A focus on Mount Etna and La Soufriere. Tropical rainforests Understanding the key features of a rainforest ecosystem, the benefits they have and the threats they face. A focus om the Amazon Rainforest. Investigating seas and oceans Locating the seas around the UK and oceans of the world in the UK and oceans around rivers and coastal areas. Locking at Europe and tourism Tropical rainforests Locking at Europe and the Investigating the Amalfi coast, and exploring how the features of the Amazon Rainforest ecosystem, the benefits they have and the threats they face. A focus on the Amazon Rainforest. Locating the UK and oceans of the UK and oceans of the World in the UK and oceans of the World in the UK and oceans of the World in the UK and oceans of the World in the UK and oceans of the World in the World in the UK and	•		exploring some humar	and physical features	UK with an area in Kenya.
Studying the geography of the local area Exploring features of a river United Kingdom Locating the UK. Understanding the key geographical features of the United Kingdom and regeneration of one region. Looking at South America and Brazil Locating lines of latitude and longitude. Understanding the physical features and climate of Brazil, and the human settlements and economy. A focus on Rio de Janeiro. Investigating World Trade Investigating the distribution of the world's natural resource and how these are traded between places across the world. Locating hot and cold deserts. Identifying common human and physical features. Volcanoes Understanding how volcanoes are formed and the human and physical impacts they can have. A focus on Mount Etna and La Soufriere. Tropical rainforests Understanding the key features of a rainforest ecosystem, the benefits they have and the threats they face. A focus om the Amazon Rainforest. Locking at South America and economy. A focus on Rio de Janeiro. Investigating World Trade Investigating the distribution of the world's natural resource and how these are traded between places across the world. Locating the seas around the UK and oceans of tworld deserts. Locating the seas around the UK and oceans of tworld. Locating the seas around the UK and oceans of tworld. Locating the seas around the UK and oceans of tworld. Locating the seas around the UK and oceans of tworld in physical features and tourism Comparing the human and physical features of the Alps and the Amazon Apple and the Amazon Apple and the Amazon Apple and the Amazon Rainforest Understanding the key features of a rainforest ecosystem, the benefits they have and the threats they face. A focus om the Amazon Rainforest. Locating the seas around the UK and oceans of tworld tourism Comparing the human and physical features of the Alps and the Amate and tourism Comparing the human and physical features of a rainforest understanding the sey features of a rainforest they face. A focus om the Amazon Rainforest					
United Kingdom Locating the UK. Understanding the key geographical features of the United Kingdom and regeneration of one region. Locating at South America and Brazil Locating lines of latitude and longitude. Understanding the physical features and climate of Brazil, and the human settlements and economy. A focus on Rio de Janeiro. Investigating World Trade Investigating the distribution of the world's natural resource and how these are traded between places across the world. United Kingdom Volcanoes Volcanoes Understanding how volcanoes are formed and the human and physical impacts they can have. A focus on Mount Etna and La Soufriere. Tropical rainforests Understanding the key features of a rainforest ecosystem, the benefits they have and the threats they face. A focus om the Amazon Rainforest. Investigating World Trade Investigating the distribution of the world's natural resource and how these are traded between places across the world. World. Identifying physical and human features and coastal areas. Looking at Europe and tourism Comparing the human and physical features of the Alps and the Amalfi coast, and exploring how the features interact with tourism Understanding the key features of a rainforest ecosystem, the benefits they have and the threats they face. A focus om the Amazon Rainforest. Looking at North America and water Understanding the water cycle and the distribution of the world water. Examining the physical and human geography around rivers in North America.					5 5
United Kingdom Locating the UK. Understanding the key geographical features of the United Kingdom and regeneration of one region. Locking at South America and Brazil Locating lines of latitude and longitude. Understanding the human settlements and economy. A focus on Rio de Janeiro. Investigating World Trade Investigating the distribution of the world's natural resource and how these are traded between places across the world. United Kingdom Volcanoes Understanding how volcanoes are formed and the human and physical impacts they can have. A focus on Mount Etna and La Soufriere. Tropical rainforests Understanding the key features of a rainforest ecosystem, the benefits they have and the threats they face. A focus om the Amazon Rainforest. Locking at Europe and tourism Comparing the human and physical features of the Alps and the Amalfi coast, and exploring how the features interact with tourism Earthquakes and Human Settlements Understanding why earthquakes take place and what affects they can have on human settlements A focus on Haiti and Japan. Looking at North America and water Understanding time zones, climate zones and biomes, and the effects of global warming human geography around rivers in North America.	2				
Locating the UK. Understanding the key geographical features of the United Kingdom and regeneration of one region. Looking at South America and Brazil Locating lines of latitude and longitude. Understanding the physical features and climate of Brazil, and the human settlements and economy. A focus on Rio de Janeiro. Investigating World Trade Investigating the distribution of the world's natural resource and how these are traded between places across the world. Understanding how volcanoes are formed and the human and physical features of the human and physical impacts they can have. A focus on Mount Etna and La Soufriere. Tropical rainforests Understanding the key features of a rainforest ecosystem, the benefits they have and the threats they face. A focus om the Amazon Rainforest. Looking at North America and water Understanding the water cycle and the distribution of the world's water. Examining the physical and human geography around rivers in North America. Comparing the human and physical features of the Alps and the Amalfi coast, and exploring how the features interact with tourism Earthquakes and Human Settlements Understanding why earthquakes take place and what affects they can have on human settlements A focus on Haiti and Japan. Climate across the world Understanding time zones, climate zones and biomes, and the effects of global warming		Exploring features of a river	numan and physical features.

KEY STAGE 3

	Autumn (12 weeks)				Spring (10 weeks)		Summer (10 weeks)			
Year 7	7.01 Intro to Geographical Skills	7.02 Intro to Glob	oal Climate	7.03 Development	MYA – INTRO TO GLOBAL CLIMATE & DEVELOPMENT	7.04 Water & Rivers	7.05 World of Work	7.06 Geography of the Middle East	7.07 Fieldwork	END OF YEAR ASSESSMENT
Year 8	8.01 Population		8.02 Coasts		MYA – POPULATION AND COASTS	8.03 Ecosystems	8.04 Tectonics	8.05 Weather systems (including FW).	8.06 Geography of East Africa	END OF YEAR ASSESSMENT
Year 9			9.02 Life in an e	merging country.	MYA – CLIMATE CHANGE AND LIFE IN AN NEE	9.03 Contemporary Geography.	9.04 Issues of Urbanisation	9.05 Living World (Paper 1)		END OF YEAR ASSESSMENT (9.01/9.02)

KEY STAGE 4

	Autumn (12 weeks)			Spring (10 weeks	s)		Summer (10 weeks)	
Year 10	Changing Economic World (Paper 2)	Rivers (Paper 1)	MYA-LW, CEW, RIVERS	Urban (Paper 2) a Birmingham.	nd fieldwork	visit 1 to	Coasts (Paper 1) and fieldwork visit 2 to Hunstanton.	EOY – 2x papers
Year 11	Hazards (Paper 1)	Coasts (Paper 1)	MOCK 1 – P1 & P2 with fieldwork.	Resource management (Paper 2)	Revision	MOCK 2 – FULL P1 AND P2	Revision	

KEY STAGE 5

	Autumn (12 weeks)	Spring (10 weeks)		Summer (10 weeks)		
Year 12	Paper 1: Water and Carbon cycles Paper 2: Global Systems and Governance.	Mid year – Paper 1 and Paper 2 units.	Paper 1: Coasts (including visit to coastal location – Holderness) Paper 2: Changing Places (including visit to local example – Corby) Introduction to the NEA – independent assessment.			EOY – 2x papers
Year 13	Paper 1: Hazards Paper 2: Contemporary Urban Environments NEA – focus on the independent assessment.	MOCK 1 – FULL P1 & P2	Revision	MOCK 2 – FULL P1 & P2	Revision
