There is no grade protection for review of marking. This means that students' marks and subject grades may be lowered, confirmed or raised as a result. A student MUST give consent before a request can be submitted.

Service 1 – Clerical re-check

This is a re-check of the clerical procedures leading to the issue of a result and will include the following checks:

- that all parts of the script have been marked;
- the totalling of marks;
- the recording of marks

The outcome of the clerical re-check will be reported along with a statement of the total marks awarded for each unit, or component, included in the enquiry.

The request **must** be received by the awarding body by **24th September 2026**.

The deadline for completion is within 10 calendar days of the awarding body receiving the request.

Service 2 – Post-results Review of marking

This is a post-results review of the original marking to ensure that the mark scheme has been applied correctly. Reviewers do not re-mark the script, they will act to correct any errors identified in the original marking. The service will include:

- the clerical rechecks detailed in Service 1;
- a review of marking as detailed above.

The request **must** be submitted to the awarding body by **24th September 2026**.

The deadline for completion is within 20 calendar days of the awarding body receiving the request.

Priority Service 2 – Post-results Review of Marking

This service is the same as Service 2, but is only available if the following criteria is met:

- The enquiry is about a GCE or L3 VTQ examination;
- A candidate's place in further/higher education is dependent on the outcome.

The request **must** be submitted to the awarding body no later than **20th August 2026**.

The deadline for completion is within 15 calendar days of the awarding body receiving the request.
