

Secondary Parental Communication

Communication with the academy... For any issues encountered in school, it will help us to most efficiently support your son/daughter if you use the following flow chart. The chart should help to identify who should be contacted in the first instance, and who to go to next, should you still have any outstanding concerns.

Communication is usually most effective person through the school office. However, increasingly parents find e-mail an effective communication method. The e-mail addresses of all staff can be found on the school web-site.
