

School Uniform: Parent / Carer Information – update July 2023

We understand that buying a school uniform can be expensive. That is why we have followed the government guidance on how to best support students to make this affordable.

We have taken into consideration:

- The total cost of school uniform and all items of uniform or clothing parents/ carers will need to provide while their child is at the school.
- Kept the use of branded items to a minimum – these are the items of clothing including the KBA logo.
- Ensured that our uniform supplier gives the highest priority to cost and value for money (including the quality and durability of the garment).
- Tried to keep a stock of second-hand uniforms available for parents/ carers to acquire.

Support and advice for parents/ carers:

- Unfortunately, we do not have a policy of purchasing every item of school uniform for our Pupil Premium students. (If you would like any information about how we spend our allocation, please refer to our '**Pupil Premium Strategy**').
- However, in **some** cases, we may offer support for **ONE** item.
- If you would like to request the purchase of one item, please use the link below:

- **Please allow at least 3-5 working days for us to make contact over the summer regarding any purchases:**

Further Advice:

- Please note that if you would like any further information regarding school uniform or advice about purchasing our branded school uniform items/ or acquiring any of our good quality second-hand uniform stock, please contact:
